| Systems | <ul style="list-style-type: none">• Windows 98 – Windows 7• Mac OS X• Linux |

EXPERIENCE

- | | |
|-------------|--|
| 2008 | 3D Modeler and Texture Artist
Collaborative Group Project - AAU
Was in charge of modeling buildings and props as well as texturing the assets for a collaborative group project. The main goal was to recreate the classic story of Wizards of Oz and put it into a futuristic setting. |
| 2005 - 2009 | Technical Advisor and Database Management
Northwest Neurology and Sleep
Created a new database to manage patients from scratch as well. Redesigned business logo and cover letterhead. Manged the network and made sure everything was running smoothly. Was also responsible for the creation of an online database portal for patient use. |
| 2000 | Yearbook CD Developer
Olympic View Middle School
Created entire yearbook supplement CD with a team of three in under three months. Designed and wrote scripts for the graphical user interface. |

EDUCATION
